WHY WORK WITH US:

HIGH QUALITY

To ensure world class standards, SPEEDPRINTS GHANA LTD. only uses the best materials available.

CUSTOMIZED PRODUCTS

We provide tailor-made solutions which offer our customers a choice of print format that best suits their needs.

FAST GROWING

Though a very young business, SPEEDPRINTS GHANA LTD. is one of the best equipped printing companies in Ghana. As a result of our dedicated workforce, SPEEDPRINTS GHANA LTD. has become a well-known brand in Ghana's printing industry.

SEASONED MANAGEMENT

SPGL has a well experienced management team.

FEW COMPETITORS/COMPETITIVE EDGE

Ghana's printing industry is highly segmented with most industries specializing in special areas. Consequently they outsource jobs that fall outside their area of speciality, that adds extra cost to their customers. At SPGL, we provide a bouquet of services that enables us offer a broad range of products and services which are world class and produced in house.

FREE DELIVERY PACKAGE

SPGL provides free delivery service of products worth Two Thousand Ghana Cedis and above nationwide.

64

2
million

We can print up to 64 full color sheets a minute. That's almost 2 million a month

Our HP Indigo press can print **white ink** on variety of substrates including **metallic, transparent and dark colored papers.**

The Oil recycling system in our HP Indigo creates 50% less waste.

What's so **great** about our HP Indigo 5500?

50%

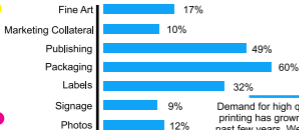

18

We can print on substrates up to 18 points thick.

Our HP Indigo can print up to 7 colors at a time, creating the largest color range in the printing industry .

7

Demand for high quality digital printing has grown a lot in the past few years. We use our HP Indigo press to stay competitive in this ever changing market.
